Thank you for the invite, Araceli. I will get back to you with after I hear from other people I've invited.

Carol, I let the Fulton Board of Health know about this site and have provided factsheets directly related to the issue at hand. The Fulton Health Director expects to receive calls from the public.

In the meantime, I'm attaching a few DPH factsheets related to worker exposures in this industry. Great information in these handouts. One important thing to note is that Georgia Tech provides free a free, confidential, on-site consultation service for small companies (fewer than 250 employees and not more than 500 employees corporate wide) that need assistance in occupational safety and health. Employers can request a consultation to help their company:

- Comply with OSHA's rules and regulations
- Identify physical hazards (such as lead exposures)
- Evaluate technical programs (such as hazard communication)

- Correct hazards and improve safety and health management systems

Also, can you send me a copy of the Emergency Order and the factsheet created for this site.

Thanks,

Franklin Sanchez, REHS

Franklin,

Based on a discussion you had with Carol Kemker, Division Director for the Enforcement and Compliance Assurance Division in Region 4, I am writing to setup a coordination call between GA DPH/EPA/OSHA to discuss potential worker protection/exposure issues at the TAV Holdings, Inc. facility in Atlanta, GA.

Please see proposed dates and times below as to EPA's availability for a meeting:

Thursday, January 13, 2022- 2-3pm

Thursday, January 20, 2022- 1-2pm

Monday, January 24, 2022- 11:30am-12:30pm

Tuesday, January 25, 2022- 4-5pm

Let me know which date/time works best for you all and I can send a Teams Meeting invite.

Thank you,
